

**Selection Committee – RTP Implementation Work Group**

Steve Deck, Executive Director (TCRPC)

Andrew Bomberger, Transportation Planning Coordinator (TCRPC)

Kirk Stoner, Cumberland County

Steve Libhart, Dauphin County

Jim Turner, Perry County

Geoffrey Knight, City of Harrisburg

**Selection Process**

1. Determination of Eligibility

The selection committee will review each project to ensure they meet the HATS Eligibility Criteria. Those that are ineligible may be reviewed, time permitting, to give feedback to PennDOT for the statewide selection round.

2. Contact with sponsors

The Selection Committee will reach out to each sponsor of a HATS Eligible project to gain any additional project information. The sponsor will also be asked to fill out a problem form in order to document the problem in accordance with HATS Project Development process.

3. Preliminary Evaluation

Independently, each member of the selection committee will review the application and the supplementary material and provide scores for each project. These scores will be sent to the selection lead who will calculate mean scores, and determine a preliminary ranking of the projects.

4. Project Discussion

The selection committee will meet in person to discuss the top ranked projects. Each committee member's scores will be provided, and this meeting will allow each member an opportunity to explain their scores and any assumptions they may have had during the preliminary evaluation. At the end the committee will agree on which project or projects will be selected.

5. Provide selected projects to PennDOT by December 1, 2023.
